Germany

### **Master of Arts – Human Resources Counselling – Supervision, Coaching and Organizational Counselling (Germany, 2015)**

Bachelor of Intercultural Studies (Australia, 2002)

After finishing my film and video training at the Hessischer Rundfunk (ARD) in Germany and studying in Australia, I worked as an Executive Media Manager. For many years, I initiated, organized, directed and supervised international film projects in places like Hamburg, Mexico City, Rio de Janeiro, Hollywood, St. Petersburg, Stockholm and Prague.

**My main focus was related to developing concepts, strategies, storyboards, as well as managing, motivating and organising teams of various sizes. Encouraging and instrumentally helping others to excel gives me great satisfaction.**

My aims are to facilitate personal growth, enhance team-building, provide effective mediation, and find answers to a problem by means of sustainable methods.

**I operate professionally, with integrity and with motivational giftings. I am passionate about people and providing solutions with creative originality and I understand that busy lives require deadlines to be met.**

I am goal oriented, highly resourced, and offer a person-centred and systemic approach.

**Member of the DGSv (German Society of Supervision e.V.)**
